Object Tracking Using Computer Vision Techniques. <i>N. Sushmitha, B. Meena, Mr.K.V Sriharsha, Dr N.V Rao</i>	1
Managing semantics of graphic components through remodeling traditional display files. <i>Dr. Hari Ramakrishna</i>	7
Big Data Mining: Problems and Prospects. <i>Nayani Sateesh</i>	13
Design And Implementation Of A Cyclic ADC For CMOS Image Sensors <i>O. Venkata Krishna, B. Janardhana Rao</i>	17
Stochastic Modeling and Availability Evaluation of Computer Systems <i>Wg Cdr Varghese Thattil and Swetha Akula</i>	25
Design of On-Chip Testing Memory for High Speed Circuits <i>M.V. Sushumna</i>	31
Implementation of Wireless Remote Control for Bore-well Motor. <i>Shakeel Ahmed and N.Nitin Kumar</i>	39
Improving the Bit Error Rate of OFDM using Convolutional codes <i>R.Prakash Kumar</i>	44
Implementation of Digital Filters for the Removal of Artifacts from Electrocardiogram <i>P. Naga Malleswari</i>	48
Simplified LS and Modified MMSE Estimators for Channel Estimation of OFDM <i>B. Janardhana Rao and O. Venkata Krishna</i>	58
Design Of High Performance Configurable Radix-4 Booth Multiplier Using Cadence Tools <i>Dr.T. Esther Rani</i>	66
Design of Low Cost Sigma-Delta Analog-to-Digital Converter for Audio Applications <i>Athira G. Krishna</i>	75
Comparison of Adaptive Filtering Algorithms Based on Time Varying Weighting Factor <i>Mohammed Abdul Nasar</i>	81
Design and implementation of High Performance Voltage-Controlled Oscillator using CMOS Technology <i>G.Venkateswarlu</i>	87
SCADA Based Automated Bottle Quality & Quantity Detection and Filling System by Using PLC <i>Mr.P.Choudesh Varma and Mr.G.Venkateswarlu</i>	93
Paratransit Operations in Roorkee <i>S. Praveen</i>	102
Synthesis characterization and spectral studies of bisdithiocarbamate of urea and its Metal complexes <i>P.Saritha</i>	108
An Empirical study of the Citizen's Perception of Automation Process of Government in India through E-Governance <i>Dr. M.S.Bhat , Dr. Piyush Gupta and Maj.Gen. (retd.) Dr. R.K.Bagga</i>	112
